LAB 1 REPORT

Course: Software Engineering
Lab: Lab 2

Student Name: *Phan Nguyễn Thảo Như*
Student ID: *524V0007*
Class: *24K50201*

I. Introduction

- The purpose of this lab is to help students understand how to connect a desktop application to a database, perform CRUD operations, and design a simple management system with authentication.
- The system allows users to log in and manage information related to students, courses, instructors, departments, and student enrollments.

- Exercise:
